RadarConf'25

2025 IEEE RADAR CONFERENCE

INVITATION

Dear Patron/Exhibitor,

Thank you for considering participating in the IEEE Radar Conference 2025 exhibition in Krakow, Poland. We aim to bring a solid technical program with opportunities for you to exhibit, connect, donate, and drive brand awareness by connecting experts in radar from research to industry across academia, commercial, and aerospace/defense. We also strive to produce RadarConf'25 – revisiting Europe for the first time since 2008 – as an event that enriches scientists and engineers, both experienced and new to radar, with many opportunities to engage potential new recruits.

The spectacular ICE Krakow Congress Centre exhibition hall will be central to the event, with the attendee reception with 'Exhibitor Bingo', coffee/beverages served in the hall, and other activities to promote networking and connection. We intend to further benefit industry participants with sessions like our widely attended Radar Technology Industry Panel. Please review the complete list of options for Patrons and Exhibitors available at the IEEE Radar Conference 2025. We hope you will find one that suits your requirements.

We look forward to seeing you in Krakow!
